

ETHIOPIA | SOUTH SUDAN | UGANDA

August 12, 2015

Dear {Personal Name},

I will be going on an AfricaIMPACT trip with my church to Ethiopia October 29 to November 7, 2015. I am extremely excited about this trip and feel very blessed to have been given this amazing opportunity to participate in demonstrating God's love to the extreme poor.

I will be traveling with over 35 team members to a very remote town in Gojo, Ethiopia, where we will spend 10 days working with our partner, Petros Network. We will serve in a variety of ways during this trip:

- **Training Leaders:** We will be training church planters in leadership development, doctrine and theology, discipleship, Bible basics, life skills, and small business development.
- **Planting Churches:** The local church planted in a hard-to-reach village is the HOPE of the world. At the end of every training new church planters are released into remote unreached villages. These new leaders become a catalyst of transformation and hope to their villages.
- **Improving Healthcare:** We are providing a medical clinic to the underserved and hope to see over 1000 patients in a matter of a few days. Many of these people have never seen a doctor and do not have the financial means to provide for basic healthcare services.
- **Protecting Children:** We will be serving over 150 orphans during this trip to provide clothing and food.
- **Empowering Women:** No one works harder than a mother with hungry children. This trip we will be training women in small business skills so that they can provide for their families.
- **Building Character Through Sports:** We are providing a soccer clinic for the children of the town. We use sports to teach about character development, good sportsmanship, and conflict management.

I would like to present to you the opportunity to be an integral part of our trip by asking for your gifts of prayer for our team as well as your financial help. No gift, be it financial or act of prayer, is considered too small. To make a financial contribution to our trip (all donations are tax deductible), you can donate online at <http://petrosnetwork.org/donate> or by mail at PETROS NETWORK 5700 SW Dosch Rd. Portland, Oregon 97239. Please designate your gift to "Support a Team Member" and put my name in the memo line.

With your gift, I promise to use the gifts God has given me to further His kingdom and share His love.

Thank you in advance for your time and whatever gifts you can give. Please let me know if you have any questions about the trip, or if you want to learn more about Petros Network. I truly believe that with God on our side, our team can help bring healing and God's love to the people of Africa.

With blessing,

John Doe
